MOBILE Flutter · Dart · Firebase · White-label Apps · Google Play release

PLATFORM WordPress · Node.js · REST APIs · Jest · Git · Multi-environment build and deploy

LEADERSHIP Team management · Mentoring · Agile delivery · Client communication · UX design

PRACTICE AI-assisted engineering with Cursor project rules, reusable agent skills and MCP-based design-to-code

ADDITIONAL Adobe Experience Manager · Bootstrap · Buefy · Gulp

WORK EXPERIENCE

Frontend Lead

May 2020 – Present · Gurugram, India

Yuno Learning

- Own frontend architecture for the live-classes platform across booking, checkout and payments, instructor workflows and admin dashboards (WordPress, Vue.js, Buefy).
- Architected **Prasar**, a Flutter white-label platform that ships 10+ branded learning apps (upGrad, RoboMonk, Shikshak Dwar and others) from one codebase with automated build and branding pipelines.
- Built and maintain the **Yuno Learning** consumer app in Flutter and ship it to the Google Play Store.
- Led the migration of SEO-critical public pages to a **Nuxt (Vue SSR)** Node application with per-environment build and deploy scripts, improving search visibility and first-load performance.
- Introduced AI-assisted delivery across the team, including Cursor project rules, reusable agent skills and MCP integrations, accelerating feature work and Jest test coverage.
- Manage the frontend team, partner with backend and product, and join client calls to gather and act on feedback.

UI/UX Lead

Feb 2019 – Apr 2020 · New Delhi, India

Ayasya Digital Solutions

- Delivered two Adobe Experience Manager portals for Honeywell (Research Chemicals and Aerospace) while leading a frontend team of two.
- Built reusable JavaScript modules and ran client communication and feedback cycles alongside team management.

Hands-On Development Manager

Dec 2015 – Nov 2018 · Gurugram, India

AuthorGEN Technologies

- Promoted to Software Development Manager within 7 months; managed the mobile app team and consistently met release deadlines.
- Shipped deep-linking, tests and class recording for the WizIQ hybrid learning apps on Android.
- Delivered phases 3 and 4 of **SWAYAM**, the Government of India's national online education mobile app.
